

Product Statement

We, at Cambridge Commodities Ltd, hereby confirm If a product is stated as food grade then it complies with the below:

- Regulations (EC) No 178/2002 and No 852/2004.
- Commission Regulation (EU) 2023/915 setting maximum levels for certain contaminants in food stuff wherever applicable.

We confirm that the allergen table reported on the technical dossier complies with EU regulation 1169/2011.

Additionally, that if not otherwise stated on the technical dossier, the product complies with the below listed regulations:

Confirmation of BSE / TSE Status

This is to certify that this product complies with all relevant current UK and EU Legislative requirements (EC 999/2001) in regard to Transmissible Spongiform Encephalopathies (TSE) and Bovine Spongiform Encephalopathy (BSE) for human food, and so is free of TSE/BSE.

This is also to certify that, during the course of their manufacture, the above-mentioned product did not come into contact with any materials, which could be derived from TSE/BSE risk materials.

Confirmation of GM Status

This is to certify that this product is not manufactured from GM raw materials and is therefore not subject to labelling under current regulations 1829/2003/EC and 1830/2003/EC.

Confirmation of Non-Irradiation Status

This is to certify that this product, whole or in part, has not been subjected to Ionizing Radiation as per European Directives 1999/3/EC.

Confirmation of Nandrolone Status

This is to certify that this product, whole or in part, has not come into contact with Nandrolone or any of its precursors in any way.

Confirmation of IOC Product Status

This is to certify that this product, whole or in part, has not come into contact with any product/s, which is banned by the IOC (International Olympics Committee) and or WADA.

Confirmation of Animal Testing Status

This is to certify that all the products sold by Cambridge Commodities have not been tested on animals in any part of its manufacture in accordance with current regulations.

Confirmation of Pesticides Status

This is to certify that the above-mentioned product complies with the EU max residue limits (MRLs) on pesticides (EU regulation 396/2005).

Confirmation of Nanoparticles Status

This is to certify that unless otherwise stated, the above-mentioned product is free of nanoparticles. Commission Recommendation 2011/696/EU, defines as follows: "Nanomaterial" means a natural, incidental or manufactured material containing particles, in an unbound state or as an aggregate or as an agglomerate and where, for 50 % or more of the particles in the number size distribution, one or more external dimensions is in the size range 1 nm - 100 nm".

Packaging Status

We hereby certify that the packaging used in the above-mentioned material conforms to EU regulations (10/2011 and 1935/2004) and subsequent amendments on food grade packaging

Confirmation of PAH status

This is to certify that the above-mentioned product complies with the max PAH limits set by the EU regulations (2023/915), as well as the limits set out in (1881/2006 and 835/2011)

We confirm that the information above is sourced from the original manufacturers/suppliers Specification.

To be used as per local legislation.
